

**For Immediate Release**

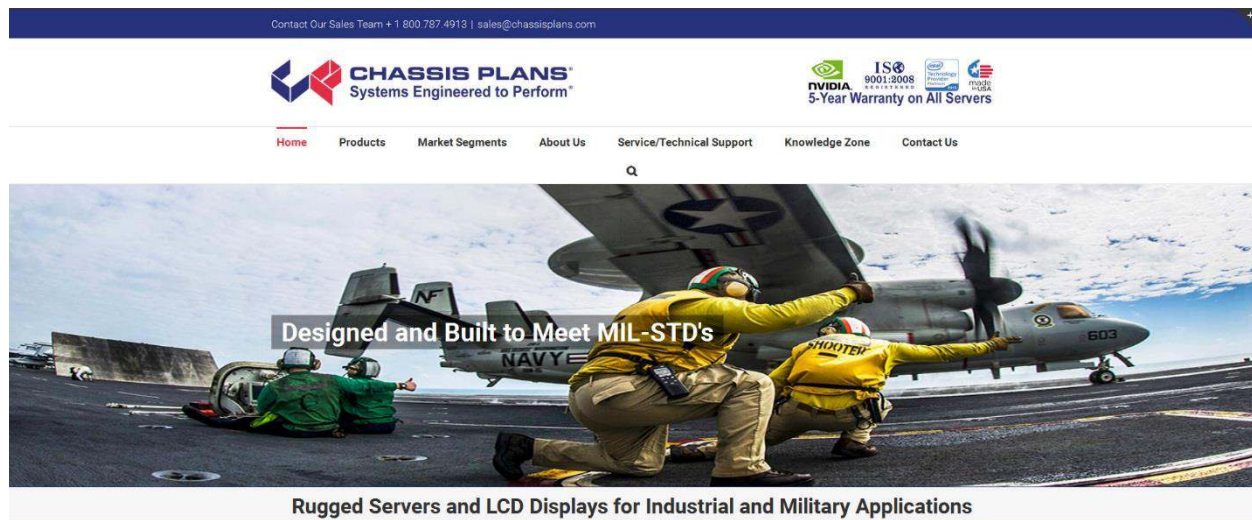

## Chassis Plans Launches New Website

**SAN DIEGO, CA, August 26, 2015** --- We are pleased to announce the launch of our new website ([www.chassis-plans.com](http://www.chassis-plans.com)) on Wednesday, August 26, 2015 and invite visitors and customers to explore an improved layout that was designed to provide a user-friendly experience, easy navigation and functionality.

Along with technical data, videos and case studies the new site provides a detailed overview of Chassis Plans' capabilities, solutions and range of sectors.

Visitors of Chassis Plans' new website can access the latest news of the company, product releases and upcoming trade shows and events. In our "knowledge zone" we also provide access to the latest military and industrial catalogs, datasheets, information on Military Standards and industrial partnerships.

One of our main goals was to create a website that provides the ultimate user friendly experience. With that in mind, visitors are now able to access relevant information with only few clicks, even on their mobile devices.

### About Chassis Plans

Chassis Plans is a design and manufacturer of servers, LCD displays, storage arrays designed and assembled in the USA for Military and Industrial applications.
